Candelabra (BA11/3G)

also 3-bracket Small Candelabra (BA12/G)

Un-Packing/Re-Packing

The *Candelabra* are delivered to you 5 or 6 to a rectangular box – 630 x 500 x 400mm [25 x 20 x 16"] and weighing approx 16-20Kg

- Please note the way they are packed when they arrive – the 'tops' are stacked in threes and fours sideways – and keep the boxes, returning the *Candelabra* in them, re-packed in the same configuration
- Please check quantities before packing away – especially that there is the same number of 'tops' and 'bases'!

The *Candelabra* boxes fit into an average hatch-back car or they may be boxed and sent by a reputable carrier

Refurbishment

After use, please:

- remove all dead candles and candle wax by soaking the 'tops' in hot, soapy water, then draining and drying them thoroughly before returning them to their boxes.
- return the equipment using all the packaging provided.

Please do **not** attempt to scratch the wax off with a sharp instrument, as it will damage the powder-coated surface.

Wire Fruit/Flower Baskets (BA14)***Un-Packing/Re-Packing***

The *Wire Fruit/Flower Baskets* are delivered to you 12 in a rectangular box measuring 560 x 510 x 280mm (22" x 20" x 11") and weighing approx. 20kg. They stack in sixes **sideways**, with a layer of bubble-wrap between each Basket. If required, the moss-lined bowls are boxed-up separately.

These items can be boxed up and sent via courier, if necessary.

Refurbishment

Please:

- rinse out and dry the inside of the plastic bowls thoroughly before packing
 - do **not** remove the moss from the outside of the bowl
-
